KELP-ER

PLANT HEALTH & VIGOUR

Product description

The natural plant hormones in KELP-ER promote healthier and stronger turfgrass that can withstand pressures from wear, disease and frost. A denser turf sward and greater rootmass will develop from regular use. In an easy-to-use Hose On bottle. Treats up to 200m².

Directions for use

Shake well. Apply in the cool hours of the day. Remove two pin plug from top of cap. Attach to hose and turn on tap. Lift stop pin to start application.

For smaller areas under 200m², less than the full container will be required. Any remaining product can be used for a later application.

This product can be applied either as a foliar or watered in after application.
